WHAT'S IN OUR NAME?

Calli is a **Nahuatl** word (one of the 65 ancient languages still spoken in Mexico nowadays) that involves a lot of meanings. It is used to designate a living unit: **a house** but also, in a metaphoric way, it implies **hospitality** or the **gathering of friends and relatives for sharing**. By adding a prefix, it makes reference to everything used to shelter a human being: **acalli** for boat, **teocalli** for temple, **cencalli** for a group of houses or **cuicacalli** for house of songs and music. **Calli**, the way we use it is a synonym of **home** and therefore...

May you feel at home, feel at Calli!
